PCLC Position Statement

All PCLC schools have an approach that is based on the following key principles:

- Our unconditional positive regard ensures that every young person is highly valued and expected to achieve their potential;
- every young person has the right to be successful and has ability to achieve, no matter what their socio-economic background;
- there is no limit to achievement – intelligence can be developed;
- each student must know what to do in order to improve and how to do it, high expectations on their own are not enough;
- consistency of experience is fundamental; each school is a team and consistency makes us greater than the sum of our parts;
- employment opportunities in PCLC schools should allow all colleagues to inspire a love for learning; not simply process and record what we find.

By ensuring all of actions and decisions adhere to these principles our community members:

- are highly valued and expected to achieve their full potential, no matter what their socio-economic background;
- benefit from an inclusive ethos, excellent teaching and a broad and balanced curriculum underpinned by strong leadership, in a local school;
- are supported and encouraged to lead healthy and active lives making sensible choices, whilst respecting the views and attitudes of others.

1. Introduction

Children in care are some of the most vulnerable learners in Potter Street Academy. Most children enter care as a result of abuse or neglect and can often experience issues of attachment, loss and trauma. These outcomes can often impact on learning and wellbeing. Nationally it is recognised that children in care do considerably less well than their peers, resulting in poor exam success and often leading to limited further education, employment and training opportunities.

Potter Street Academy is committed to achieving improved educational outcomes for children in care and post LAC children, through providing access to a high quality and accessible curriculum, taking account of their additional needs.

Our school recognises that this is a whole school approach and all governors, staff and volunteers contribute to achieving the very best for children in care and post LAC children.

Potter Street Academy subscribes to the five priorities of the Essex Virtual School. These are;

- Raise attainment and accelerate progress for children in care across all key stages
- Improve school attendance and reduce exclusion
- Improve the quality of Personal Education Plans
- Support school leadership to enhance a shared objective of improving life opportunities through education.
- Provide access to advice, support and intervention for children adopted, Special Guardianship Order and Child Arrangement Order to schools and families

1.1 Under the Children Act 1989 a child is looked after by a Local Authority if he or she is in their care or provided with accommodation for more than 24 hours by the authority. This can happen under a number of arrangements.

a) Children who are accommodated under a voluntary agreement with their parents (Section 20).

b) Children who are the subject of a Care Order (section 31) or interim Care Order (section 38)

c) Children who are subject to emergency orders for their protection (sections 44 and 46)

d) Children who are compulsorily accommodated- this includes children remanded to the Local Authority or subject to a criminal justice supervision order with a residence requirement (section 21).

1.2 Post LAC children refers to those children that are no longer in care through:

a) adoption

b) Special Guardianship Orders (SGO)

c) Child Arrangement orders (CAO)

2.4 Potter Street Academy School staff

Ensuring children in care and Post LAC children do well and are supported requires a whole school approach. As a school we will:

- Have high expectations and aspirations for the educational achievements of children in care and post LAC children.
- Have a good understanding of the key issues that affect the learning of children in care and post LAC.
- Ensure that any child in care is supported sensitively and that confidentiality is maintained within safeguarding requirements.
- Be familiar with the guidance on children in care and respond appropriately to requests for information to support Personal Education Plans and review meetings.
- Ensure the Designated Teacher is informed where a child in care or post LAC child is experiencing difficulties in class or within the school.
- Only use exclusion as a last resort in line with the exclusion guidance, being mindful that exclusion may place the care placement under duress and may cause further disruption to care and education.

3. Staff Development

The Designated Teacher should be trained for the role and should ensure access to ongoing professional development opportunities for the role through various opportunities. As a school we encourage staff to participate in training opportunities that will enable them to meet the needs of children in care and post LAC children more effectively. Part of the role of the Designated Teacher role is to raise awareness of the issues and barriers to learning for these children within the whole school environment.

4. Personal Education Plans

Every child in care must have an up to date Personal Education Plan (PEP), which sets SMART targets and contributes to the overall care plan. Each Local Authority has its own approach to PEPs. PEPs should

5. Pupil Premium Plus

Each child in care and previously looked after children attract the Pupil Premium Plus grant (PP+). The purpose of the grant is to reduce the difference in educational outcomes between these children and their peers. As a school we will carefully plan and regularly review the use and effectiveness of the PP+ to ensure the grant is used to accelerate progress and meet the needs of the child in care as identified in their PEP. For previously looked after children we will target resources linked directly to the child's needs and communicate regularly with their parents and guardians.
